Soil survey report  
Sort by parcel order  
File year 2024  
Print part of the file  
Beginning 11.09.1000  
Ending 11.09.1000  
Do not include acres or values in parcel rating summary  
Print headers on parcel rating summary  
Do not print only parcels with a parcel adjustment factor  
Do not print only parcels with soil spot adjustments  
Top value per acre for crop 3,223.13  
Top value per acre for grass 2,276.26  
County assessment factor 100.000  
Do not print parcels with selected market areas  
Do not include parcels with no market area

-----SCREEN # 2-----

Print soil survey comments  
Print soil usage crops or grassland  
Do not include breakdown by usage in district and grand totals  
Do not include breakdown by usage in parcel totals  
Print soil data from regular, active file  
Do not delete inactive soil data  
Rating does not reflect parcel adjustment  
Rating does not reflect soil spot adjustment  
\$ Value per Acre reflects soil spot adjustment  
\$ Value Per Acre reflects parcel adjustment  
\$ Value Per Acre does not reflect township adjustment  
\$ Value Per Acre does not reflect county adjustment  
Derive individual \$ Value Per Acre from Soil Symbol Value  
Print current assessed value  
Do not print one parcel per page  
Do not update the tax file soil value for agland  
Do not verify soil acres against the tax file  
Do not update acres on tax file from soil file for selected classes  
Do not print parcels by township  
Do not print parcels by master class  
Do not limit to parcels with an Ag class on the master record  
Round soil values to nearest \$1  
Show both rounded and unrounded totals
