To whom it may concern,

This letter is to give an estimate for the property on 462<sup>nd</sup> Ave North of Eastman Road in Roberts County South Dakota. Near Sisseton and Peever South Dakota. This property needs Electric installed by Whetsone Valley Electric. Whetstone Valley Electric gives 500 feet of credit for new services and then any thing beyond that is cost to the member. We take total cost of project divided by footage to figure per foot cost and then credit 500 feet at that footage cost to the total cost and the difference is on the member to pay in Aid to Construction.

This is just and Estimate and Whetstone only charges actual costs as we are not for profit. A deposit up to the total estimated cost may be required and then trued up after work is completed.

Estimated cost of this project after credit is taken off of total project cost would be approximatley **\$20,000 owed by the member.**

**Feel Free to reach out to me with any questions or concerns.**

Respectfully,

A handwritten signature in blue ink, appearing to read "Jon Christensen".

Jon Christensen
